Former State Senator T. S. Hogan, Geologist I. E. Stewart and H. B. Stewart of Ballantine, a rig builder, will leave this morning for the Soap Creek field to make location for the No. 1 well of the Dox Oil company, which will be drilled on the northwest quarter of the northwest quarter of section 2, township 7 south, range 32 east.

This is a part of what is known as the Judd tract and lease on it was held by R. M. Hart, B. B. Albin, Rockwood Brown and O. E. Grimstad of Billings until yesterday, when leases were turned over to the Dox company under a drilling agreement which calls for immediate commencement of development. In addition to the 40 acres acquired yesterday, considered as the most choice independent holdings in the entire field, the Dox company holds leases of 320 acres of which 160 is in section 2, leased from Lawrence Judd, and 160 acres on the northwest quarter of section 4, township 7 south, range 33 east.
