

Board Specifies Discussion Topics

Helena, Feb. 3.—(AP)—Land and water resources, freight rates, mineral resources and recreation will be discussed at future meetings of the Montana resources planning board.

The board adjourned late Friday after hearing a report on forest products industries by I. V. Anderson of the forest and range experiment station of Missoula.

The board chairman, Rockwood Brown of Billings, presided. Members J. C. Toole of Shelby and Tim J. Sullivan of Butte attended.

Montana Resources Board Under Brown Chooses Discussion Topics
