

sion made by last year's fireworks display the board of fair commissioners has for this year selected a still better program which will be furnished by the Thearle-Duffield company of Chicago. These people in submitting their program have guaranteed that it will "knock 'em dead." There are many special pyrotechnic features and the sky will be filled with a dazzling, darting, detonating array of brilliancy.

President Renwick is authorized to sign the contract already prepared in connection with turning over the attraction division to the Al Bedoo Shrine patrol, who have guaranteed to put on a circus that will make the old style carnival resemble a spelling bee by comparison. Chairman Rockwood Brown and his committee are already on the track of some riding devices and are willing that their organization should be judged by the merit of the entertainment provided. ***

Midland Fair Ramps Up (continued)
