

Lindy's Message To Billings Folks

Aboard Spirit of St. Louis, on tour.
Greetings.

Because of the limited time and the extensive itinerary of the tour of the United States now in progress to encourage proper interest in aeronautics, it is impossible for the Spirit of St. Louis to land in your city.

This message from the air, however, is sent you to express our sincere appreciation of your interest in the tour and in the promotion and expansion of commercial aeronautics in the United States.

We feel that we will be amply repaid for all our efforts if each and every citizen in the United States cherishes an interest in flying and give his earnest support to the air mail service and the establishments of airports and similar facilities. The concerted efforts of the citizens of the United States in this direction will result in America's taking its rightful place within a very short time as the world's leader in commercial flying.
