

TOURIST CAMP WORK STARTED

Central Structure Is Built; Cabins Under Way.

Frames for the first four cabins on the new tourist camp site east of Billings are now up and work will be steadily pushed to completion, officers of El Campo, Inc., announced Monday night.

Twenty cabins are planned for the location, it was said. These, together with the El Campo site west of the city where eight new cabins have been built, will total 45.

On the site east of the city, which

APPROVE TREATY.

Ottawa, May 26.—(P)—The house of commons Monday approved the London treaty for limitation of naval armaments. It now goes to the senate.

is located opposite the main entrance to the Midland Empire fairgrounds, a main building has already been constructed and four gasoline dispensing pumps and tanks have been installed. Pipe work for pipes have been constructed.

The main building, besides housing a service station, will also accommodate a store and baths.

Ditches have been dug for water lines and gas. Complete sewerage equipment will also be installed.

The four cabins now under construction are on the west side of the site. Each cabin will also have a private garage. Landscaping planned for the location includes the planting of a number of cedar trees.
