

## Greybull to Have Ice Skating Rink

**GREYBULL**—The empty lots left by the demolition of the Norris Hotel and Cafe building, should soon be one of the busiest spots in Greybull.

Community cooperation has made it possible to flood the lots for a public skating rink.

Wyo-Ben Products bentonite company has volunteered to work bentonite into the top dirt to make it hold water, at no cost to the city. Frank Norris Sr. of Riverton, owner, gave his permission to use the lots and the Greybull Fire Department will flood the pond as soon as the base is prepared.

## Wyo-Ben Donates Bentonite For Ice Rink
