

**TO SHIP BENTONITE.**

Cody, Wyo., Dec. 6.—(Special)—B. Payne is making arrangements for the shipment in the near future of at least two cars of the bentonite clay product from his holdings south of Cody. This clay is used in Chicago and his company hopes soon to be able to use it in great quantities. Experiments with the clay have been in progress for several years and this is but one of many shipments which have been made from Cody. \*\*

## Experimentation Continues With Bentonite
